## SHARE YOUR NEWS

Please share your news with our fellow classmates! Hopefully good news will be the norm, but as you can see from some of the recent news items, the bad news is what we often hear.

The purpose of this site is to provide information to Peachtree Class of 1976 Alumni for the purpose of "reconnecting" with old friends, and to share reunion plans.

## Guess Who?

## Classmate Profile

Our intention was to post monthly classmate profiles here for everyone to get "caught-up" on where some of our old friends are and what they are doing these days. It has been sometime since a new classmate profile was posted. One is being prepared right now, and I hope to have it up soon. If you want to volunteer to be profiled for the page all you need to do is send a few paragraphs sharing whatever you wish about what is going on in your life these days. A couple of recent photos would be good as well. Send them to [webmasterphs@peachtreehigh.org](mailto:webmasterphs@peachtreehigh.org).

## Final Demolition Is Underway

*Jeff Glaze (July 13, 2007)* There may be a handful of the Class of 76 who are interested in seeing what is happening at their old stomping grounds. Looks like demolition of the old Peachtree High School is entering its final stages. I stopped by the school this morning on the way to work and took some photos and a video clip. They were tearing into the hall by

the front doors. The library is already gone. From the front of the school you could see into the front offices. They did not even remove furniture and fixtures... I guess all those bonds that DeKalb county voters approved have made the school board flush with cash and unconcerned with salvage. You could see into the biology classroom (as I remember it). You can find the latest photos on this web site at the following link:
